

# New employee in the Research and development department

Montreal, May 24th, 2021

We are proud to welcome Anne-Laure Boutin Nougaret to Hotello's family!

She joins the Research and development team as Quality Assurance manager.

Anne-Laure has many years of experience in the hospitality industry in France and Canada while also having completed a professional training in programming.

She has all the skills required to test each feature of our PMS and to verify business rules as well as their efficiency.

With her expertise and her various hotel training, Anne-Laure will definitely contribute to Hotello's success.

Welcome to Hotello Anne-Laure!
